

You're Not Alone

It seems that all the things you have to do are impossible
There's not enough time- not enough money
You're not alone

when you have a dream but it's smothered by the business of
survival/life
it keeps getting clouded, keeps getting choked
You're not alone

You say the world is changing, but no it isn't changing for the best,
you think the wisdom from our leaders sounds like babble from a child
You're not alone

Our precious children find that value and integrity have no meaning
you say you're feeling what you do makes no difference in your world
and the whole thing is rolling like a snowball down a hill

You're not alone, (You're not alone)

well there is someone, somebody who does know just exactly what you're
going through
And He's the only who's got the answer (only answer that you need)

You're not alone

vocals, guitar, keyboards: Larry Kane, drums, guitar: Matt Duellely

Secret Life Of Agony

Secret life of agony rainin' down on you and me
I try so hard to get along, I want so bad to sing this song,
but when my brothers block their minds it makes it take so much more
time
I don't want no secret life of agony (when you take your love away
from me)

what I really want to do is sit down here and talk to you
what's the trouble? we're the same, must we play some pointless game?
when time is precious- use it right, (how 'bout if we start tonight?)
I don't want no secret life of agony (when you take your love away
from me)

Jesus Is True

Have you been lonely, how do you feel?

You're Not Alone CD ALBUM lyrics 2-2011 web.txt
Have you been hurtin' like you got a raw deal?

Listen, God is faithful, He's real and He will help you
Jesus is true

It's you that He loves, it's you that He cares for
He knows you're not perfect, but that's what He's there for

Give Him your heart and simply trust Him
Jesus is true

God almighty has given His Son
So that those who believe on Him won't perish , (no not one)
He'll set you free, He'll change your life,
He'll make you glad, He'll make it right, He's the One

Are you hurtin? Trust in Him
Are you searchin? Jesus is true

guitars, keyboards, wx7 and vocals: Larry Kane, drums and congas: Toby

Purchased Through the Lamb

All of creation I stand here before you
a witness to mercy and peace
And so happy to tell you the news of my Savior
whose gift is so precious to me
I was broken, downhearted- in my hour of darkness
and a victim of sadness, no peace
And for all my intentions and thoughtful good wishes
couldn't make my life work well for me

Then the news of Lord came, and it came with such power
the news that Jesus loves me
In a moment of truth with a quiet, yet thunder
because He is God I am free,

(my life's been)

Purchased through the Lamb
Through the Lamb at Calvary
He walked with the living, taught loving, taught giving
then He rose up to set me free
Purchased through the Lamb
The "I Am" at Calvary
Oh what wonder and grace that my heavenly Jesus
would lay down His life just for me

His wonderful story I live now to tell
to those who so need to be free
I'll walk with my Savior, fix my eyes on His glory

Let Him Till The Land

Oh let Him till the land, I'll yell you what He's going to sow
He'll grow a garden of love where every man ought to go
Oh Let Him take your hand, I'll tell you what He's going to show
He will show you a place, a gladness your heart's gotta know
So Let Him take your hand, I'll tell you what He's going to show
Oh He will show you a place, a gladness your heart's gotta know
So Let Him take your hand, I'll tell you what He's going to show
He will show you a love, a gladness your heart's gotta know
Oh let Him till the land, I'll tell you what He's going to sow
He'll sow a garden of love where every man ought to go

Uncommon Love

There is One love- not common, and yet so true;
and with this Love such beauty and such peace to you.
yet if we don't share it who'll ever know?
people won't find out if we don't tell them Jesus loves them.

Got to let the world know
Got to let the world know this Love Uncommon.

This one true love my Savior, He will satisfy you.
No other love existing, no other will do.
If we don't share it who'll ever know?
people won't find out if unless you tell them Jesus loves them.

Got to let the world know
Got to let the world know this Love Uncommon.

Jesus has freed the world, everyone should hear about the Savior
Man, woman, boy and girl, everyone should know about the Savior

If ya can't say what's got to be said, how they gonna know that Jesus
raises the dead?
If you refuse to tell them that the gospel is true, tell me, where's
the evidence that He's livin' in you?
well you can claim the Father's will and say you love them like
yourself but buddy, you're a hypocrite if you'll let them go to hell -
you can't stand before the Lord and hear "well done good faithful

You're Not Alone CD ALBUM lyrics 2-2011 web.txt
servant" if you're silent with the gospel, buddy you just won't
deserve it.

Jesus has freed the world, everyone should hear about the Savior

Beyond Sensational

You are wonderful, so good to me
Beyond Sensational, one touch and I believe
You are everything and more, who I was created for
Beyond what I can see or feel
Beyond sensational, The One who I believe
And while I praise You now, I'm sure there's more I'll see
You are everything and more, who I was created for
Beyond what I can see or feel

And I love You,
 Even more I need You
 Even more I love You,
 Even more I know You
And I love You,
 Even more I need You
 Even more I love You,
 Even more I know You - Jesus help me to know You more\

Dark Night Of The Soul

when we love, truly love, then nothing stands between us
when we give of this love then we build a bond

But if we don't...dark night of the soul

when we share, strength we give to each one as they need it
when we trust then we build a bond of truth

when we live every day to the fullest life will please us
when we help every man then our world will be strong

when we love, truly love, then nothing stands between us
when we give of this love then we help every man

Misfit World

Grant the eye with the gift of sight
Fill the heart with a burning light
Will the hand all Your strength and might
Lord bring Your love to this misfit world

The loving touch of a timeless friend
The will of those who will not bend
This wound of mine that does not mend
Lord bring Your love to this misfit world

When we blow up our brothers
And we murder each other,
It's a misfit world..

The path in time is slow but sure
The heart with rhyme just must be stirred
And much to share will soon be heard
Lord, bring Your love to this misfit world

Houses Of The World

Glass is empty, good times past, people are leaving, leaving fast
Brothers and sisters, heed the Call, we've got the love to break these
walls

You're Not Alone CD ALBUM lyrics 2-2011 web.txt

Talkin' bout your house, talkin' bout' my house, talkin' bout the world

Got the puzzle, need the peace, if you're able won't you help me please,
Spirit's children on your knees call on Grace, got to pray for peace

Talkin' bout your house, talkin' bout' my house, talkin' bout the world

Brothers and sisters existing as one...

Talkin' bout your house, talkin' bout' my house, talkin' bout the world

Lock the windows, bolt the doors, let the warriors fight those wars
If you hear me, you gotta take a stand, get on board with the Master's plan

Talkin' bout your house, talkin' bout' my house, talkin' bout the world

Let Us Just Be Loved

Think you have a rough life
Relationships in tough strife
Sis and brother just fight
Empty hearts all day...

Baby there's a better way
One that gets you happy day
One that gives the best pay

LET US JUST BE LOVED !

When parents raise their children,
Against all odds they're willin'
And they will do all that it takes
To help them find their way
But kids-when curves come at you
You know it's only natural
To think it's someone else's fault

NO!

LET US JUST BE LOVED !

A family is the best thing
That all God's love could ever bring
So don't you let it slip away

I Will Live For You

Let us run the race unfailing in His power and His might
while we love the ones we're reaching let us keep them in our sight
I will fight the fight of faith for this the final hour
I will live a verbal gospel in the Spirit's fire and power
There's just one course of action- one good thing to do;
I will Live for You
I will move ahead unfearful like You told me I should do
I'll rule over my emotions I won't let them shape my view

You will give me all the leading that I'll ever need to lead
You will germinate the seeding as we plant the final seeds

You will water what's been planted and we'll add upon it love,
You'll leave no worker empty handed- You'll equip them from above
There's just one course of action- one good thing to do;
I'm gonna live for You

We won't preach some other gospel- just the one You told us to
On Your word we'll be depending; we will know it through and through
I will move ahead unfearful like You told me I should do
I'll rule over my emotions I won't let them shape my view
I'll be endless in persistence like You told me I should be
I will stand with other Christians- I'll defend them on my knees

When the time has come to lay it down, then lay it down I will
then I'll be with He who bought me with His blood on Calvary's hill -
as we're standing face to face I'll thank Him 'cause I don't deserve
it
and He loves me evermore and says 'well done good faithful servant

There's just one course of action- one good thing to do;
I will Live for You
